Fast, ultra-slim and portable scanner for mobile executives and home users

P-208
Portable document scanner
(with optional WU10 Wi-Fi unit)

you can

imageFORMULA P-208

With its 10-sheet ADF, high speed duplex scanning capability and optional Wi-Fi connectivity, this is the ideal scanner to maximise your productivity wherever work takes you.

The lightweight and ultra-portable P-208 scanner's footprint is barely larger than a standard ruler. So it's the perfect choice for mobile executives and home users.

B&W SPEED	COLOUR SPEED	DAILY DUTY CYCLE	AUTOMATIC DOCUMENT FEEDER
8ppm/16ipm	8ppm/16ipm	100 scans/day	10 sheets

No-compromise mobile scanning

The imageFORMULA P-208 provides travelling executives or office users with impressively fast double-sided colour scanning of up to 16ipm at 200dpi. Maintain productivity on the move with the integrated 10-sheet ADF, which enables easy batch scanning of lengthy documents like contracts in a single operation. Weighing just 600g, and little longer or wider than a standard ruler, the P-208 is small and light enough to take anywhere. For maximum flexibility, the P-208 is compatible with Mac and PC computers, as well as Apple iOS and Android mobile devices.*

* When connected to the WU10 accessory.

Ultra-slim and lightweight

Plug-and-scan convenience with CaptureOnTouch Lite

By using the selectable 'auto-start' feature – just connect with a USB cable and start scanning! CaptureOnTouch Lite software is built into the P-208 so there is no need to download additional drivers or software, it's simply plug-and-scan.

Intuitive image processing

A rich selection of built-in image processing features help you achieve high quality results. The P-208 offers auto colour detection, text orientation recognition and text enhancement to optimise your scanned images; the full auto mode feature automatically applies the ideal settings for your documents while delivering super-fast results.

Scan all types of document

The P-208 is the perfect accessory for both home and business use because it's capable of scanning such a wide range of media. Business users can capture regular A4 sized documents like contracts or irregular-sized media like business cards/embossed cards when they're out of the office.

Home users will also enjoy using the P-208, because it's perfect for scanning household bills; while the picture mode feature is ideal for accurately scanning old photographs.

10 sheet document feeder, with double-sided scanning

Scan wirelessly to smart devices with the optional Wi-Fi unit WU10 – it's the perfect companion for the P-208 for scanning directly to mobile, tablet and PC devices.

Share to cloud-based applications/workflows

imageFORMULA P-208 and WU10

Scan directly to PC/Mobile devices

Optional Wi-Fi unit WU10

The Wi-Fi unit WU10 enables wireless scanning to mobile devices without the need to connect via cable to a network point. Businesses can also set-up wireless scanning to desktop PCs when the Canon Wireless Scanner Connection Utility is installed. The WU10 comes with a rechargeable Lithium-ion battery and when fully charged you can scan up to 400 images. Simply connect via USB to your Canon mobile scanning device and enjoy fast mobile scanning anytime, anywhere.

CaptureOnTouch Mobile App

Scan direct to your iPhone®, iPad® and Android device with the free CaptureOnTouch Mobile App. It comes with advanced image processing tools such as automatic size detection, deskew and skip blank page – giving consistently superior image quality results.

Download the free CaptureOnTouch Mobile App from Google Play (Android user) or the Apple App Store (iOS user).

Powerful, intuitive software that enhances your productivity

Win & Mac Hybrid

The P-208 is the perfect partner for both Mac and Windows devices.
A superb range of desktop software helps you gain maximum productivity from your scanner.

Capture OnTouch [W] [M]

Intuitive capture software that makes it quick and simple to achieve premium quality results. CaptureOnTouch supports scanning to multiple file formats, including PDF, PDF-A, TIFF, JPEG, BMP and PPTX. CaptureOnTouch can also send captured information directly to data management systems.

Software developer kit available.

Capture OnTouch Lite [W] [M]

Offers unique portability and convenience on the move. The software is built into the P-208 allowing for fast and effortless connectivity without the need to install any drivers or application software.

Software developer kit available.

Presto! BizCard [W] [M]

Scan business cards to convert and organise important information into a searchable database.

Cloud service plug-ins

The CaptureOnTouch software includes plug-ins for connecting to cloud and ECM services like Evernote, Google Docs™ and Microsoft SharePoint®. Simply select the plug-ins that your business needs and achieve fast, flexible sharing of scanned data.
