HP LaserJet 1150 Printer

+hp

Small business professionals often must balance price and performance when choosing a business printer. The HP LaserJet 1150 black and white personal printer helps businesses produce documents affordably and present an impressive image to customers.

Value

- **Print items such as business proposals, labels, postcards, envelopes and business cards reliably and affordably.** A 250-sheet input tray and a 10-sheet multipurpose slot give you the capacity you need to handle a variety of media for business printing. The 125-sheet output bin provides a compact yet large capacity holding area for your printed output.

- **Get consistent, reliable printing results.** 8 MB of RAM delivers consistent, attractive documents and ensures you won't run out of memory before your job is complete.

Efficient

- **Cut your wait time for office printing.** The instant-on fuser produces the first page of each print job in less than 10 seconds while the large input capacity and print speeds of up to 18 ppm perpetuate efficiency through the job's completion.

- **Customers appreciate the professional appearance and easy readability of output.** Clear, sharp prints are created by 1200-dpi effective output print quality (600 by 600 dpi resolution with Resolution Enhancement Technology [REt] and FastRes 1200 technologies).

- **Busy professionals appreciate the simple setup and operation.** The HP LaserJet 1150 supports easy, convenient USB 2.0 and parallel connections that help you quickly set up and begin using the printer.

- **Specially formulated toner further ensures quality printing.** The 2,500-page[1] HP print cartridge holds specially formulated toner to create easy readability and sharp printed output from first to last page.

Compatible

- **It fits your office environment.** The latest versions of both Microsoft® Windows and Macintosh operating environments are supported so you have the freedom to change or update your operating system without having to abandon your printer.

- **You have the option of PCL or host-based printing.** The printer supports PCL 5e, the print standard in most businesses, so you can produce documents that look professional and communicate effectively.

HP printing and imaging systems help you create powerful, professional communications easily. Printers, supplies, accessories, digital solutions and services are designed together to work together and invented to meet your business needs.
