SAGEM D50T

User-friendly and functional, the SAGEM D50Tis the cordless phone designed for the whole family. By registering up to 6 handsets and by proposing 9 personal SMS boxes, as well as a common box, the SAGEM D50T can be enjoyed by the whole family.

Equipped with a large alpha-numerical screen of 4 lines (2 lines of characters + 2 lines of icons) it directly displays the name and caller number for each call. A «room monitoring» function makes it possible to control noise, and to ensure the safety of children.

Thanks to the handsfree mode on the handset of the SAGEM D50T, it becomes possible to share calls, and everyone can take part directly in the conversations. Moreover, its tight lines will fit all interiors. It is the phone for all, which simplifies the life of its users.
